All I care about is Africa cause there is where I come from,
Spending every minute at the studio with coke and rum
And they know I worth a lot cause I try to play it later,
Putting down all these mother fuckers,
I never take off!
I know you ain't about that life,
Getting drunk every night 'till the lights come over
Catching you every morning like the TV is on, TV is on!
Oh, oh, oh!

Since you're heading for the fame,
I was heading for the game!
Waving up to a different bitch every day.
I ain't try to get us over, it ain't over!
So what you want me to do to,
Bitch, please better act like you knew about it,
Now I'm 58, baby, sign a contract
Cause I ain't trying to be like Obi on the show
Talking about our screw up.
But who the fuck is to blame?
, waiting for the next bitch, I'm just saying
If my girl found out she won't pull ,
I'mma keep it undercover,
Until then I'mma do my thing!

Chorus:
My thing, my thing!
What's fucking wrong with you?
My girl is around, yeah, yeah!
My thing, my thing!
Please don't tell nobody else,
We can do it on the low like eh, eh, eh!
We can keep it on the low, eh, eh, eh!
We can keep it on the low!
We can keep it on the low!

Yeah! Do you remember the night I told you to come over?
I almost got cold cause ,
Just got off conversation talking about being a good

man, good man,
For some reason I left it ,.
Funny how the moaning did not wake her up, or did it?
And every time she wanna talk my heart beating like a
drum
I never talk about my work, is for certain,

Since you're heading for the fame,
I was heading for the game!
Waving up to a different bitch every day.
I ain't try to get us over, it ain't over!
So what you want me to do to,
Bitch, please better act like you knew about it,
Now I'm 58, baby, sign a contract.
Cause I ain't trying to be like, talking about our screw
up.
But who the fuck is to blame?
But who the fuck is to blame?
Momma , waiting for the next bitch, I'm just saying
If my girl find out she won't pull ,
I'mma keep it on the low while I do my thing

Chorus:

My thing, my thing!
What's fucking wrong with you?
My girl is around, yeah, yeah!
My thing, my thing!
Please don't tell nobody else,
We can do it on the low like eh, eh, eh!
We can keep it on the low, eh, eh, eh!
We can keep it on the low!
We can keep it on the low!

I know that I am Mr. Perfect, bitches know!
That's why they keep,
Yeah! Like while I'm chilling in my spot,
Yeah, yeah, she says she'll be back in November,
I'll be sure to,
..that parties, all the strippers,
Damn, I head it on, head it on!
But who the fuck is to blame?
, waiting for the next bitch, I'm just saying
If my girl find out she won't pull ,
I'mma keep it undercover,
Until then I'mma do my thing!
