Before we start saying things we don't mean  
Let's take a step back and try to remember  
I may not always be right, but I plan on do right  
Even know the odds are against me  
There's more left to the fight  
I don't ever, ever plan to be this way  
But I made all that cause I'm frustrated  
What do you say?  
Why do we gotta end like this?  
Every night, on both ends of the bed  
I only wanna be yours, don't want nobody else

[Chorus]

Oh, I saw it coming from afar  
I should have stopped and turn around  
But you had me from the start  
Rollercoaster till I drops, get back on it  
Now I'm on the same old shit with you

Trying to relieve, it's not easy as it is seems  
It's like breaking a habit, then find yourself worse than  
before  
2 places at one, with you when I fight  
I don't wanna go back, I don't even have the energy  
You've crossed the line, I break the suns  
I made up my mind, not turning back  
And I hope that you realize  
It's not that easy for me, and I

[Chorus]

Oh, I saw it coming from afar  
I should have stopped and turn around  
But you had me from the start  
Rollercoaster till I drops, get back on it  
Now I'm on the same old shit with you

Not a single day goes without ocean veil  
They just wipe my way for words  
How much does it takes to ... hard  
They say old men don't cry, the love is on my line  
If I loose you, I might die

[Chorus] x 2  
Oh, I saw it coming from afar  
I should have stopped and turn around  
But you had me from the start  
Rollercoaster till I drops, get back on it  
Now I'm on the same old shit with you.
