Brighten up my room  
I don't need what we supposed to do  
Every time they came around I am like ..  
I gotta show it back home  
Anyone's have it if it ain't down with you  
I ain't even the type of dude to leave you hanging  
I am gonna be here till the end

Chorus  
I wish you can handle it  
Cause i am saving all to you  
.. they don't got it like you  
You are my girl I wanna be with you  
I wish you can handle that  
Cause girl you are beautiful  
After the job I come right back home  
Show you .. know you know

Slow down baby turn around  
You ain't gotta worry ..  
Baby they just hoping ..  
But you gotta my women  
They are just wallpaper

All the girl you see on videos and shows  
Popping up their .. know what I got at home  
I wonder where you get this information  
I take it that's a confirmation  
They better won't cross the line

Chorus  
I wish you can handle it  
Cause i am saving all to you  
.. they don't got it like you  
You are my girl I wanna be with you  
I wish you can handle that  
Cause girl you are beautiful  
After the job I come right back home  
Show you .. know you know

Slow down baby turn around

You ain't gotta worry ..  
Baby they just hoping ..  
But you gotta my women  
They are just wallpaper

Somebody .. somebody play for me  
Somebody play for us  
Cause she ain't ready to give her trust  
Somebody talk to me  
Cause she don't know what to feel

Chorus  
Slow down baby turn around  
You ain't gotta worry ..  
Baby they just hoping ..  
But you gotta my women  
They are just wallpaper

Thanks to feel
