Yeah, hey, I never thought I'd feel this way

(...Al don't play with me now...)

Please, can you take the hurt away? (...Al!)

My love for you is a bottomless well

For your tears and your fears

...And I do love you

No matter what you do I love you yeah all the same

I said no matter what you do

I'll love you oh, all the same

I'll love you oh, all the same

If we take our time I know you'll be mine

If we were to share our love would always be there

No matter what you do

If you decide to go then we will never know

But if...if you'll stay our love would find a way, a way

Oh no I love you

No matter what you do I'll love you yeah all the same

I said no matter what you do

I'll love you oh, all the same

No matter what you do I'll love you yeah all the same

I'll love you oh, all the same

Do you love me?

Let me know, don't keep it inside, let it show!

If you and I were meant to be

In your dreams you'd see the things that I see

No matter what you do

If you don't want me (...I want you) just tell me honestly

You know I can't take this pain

So please hold me now and whisper my name
(...Diana!)

Hold me, oh I just want you to hold me (...Like this?)

I love you!

No matter what you do I'll love you yeah all the same

I said no matter what you do

I'll love you oh, all the same

No matter what you do, no matter

For evermore

Ooh baby, baby what we're doing, what we're doing

Who we fooling, fooling?

Let's stop hiding, no more hiding

From the feelings that we feel inside yeah

I never thought I'd feel this way

I just want you to hold me

Alright you've got to stop playing with me now

If you're serious there's no more fooling around
(...Okay)

Just show your feelings

(...You know I've always wanted to do that)

God bless the day that you came!

(Yeah no matter, yeah no matter
