times are getting harder everyday  
stars seem to be so far away  
but she's waitin' for me  
I'm sure she does  
SHE'S BA-BARBARELLA BARBARELLA  
MY LAZER-SHOOTIN' PLANET QUEEN  
Everytime I see this movie  
I feel so cozmie 'n' groovy  
When she's starin' at me

From my own tv  
SHE'S BA-BARBARELLA BARBARELLA  
MY LAZER-SHOOTIN' PLANET QUEEN  
She's the sleaze goddess travelling thru the space  
A good body a beautiful face  
The electric universe blows my mind  
A trip in her shin there's no other kind
