Maybe men don't know  
But the lil' girls sure understand  
Can't you see now baby i ain't, a worried man  
I got the appetite to feed  
You are everythin' i need  
Get me high lil' girl and be my speed  
Well i ain't a worried man  
But sometimes i need a little helpin' hand

Maybe men don't know  
But the lil' girls sure understand  
Can't you see now baby i ain't, a worried man  
I got the appetite to feed  
You are everythin' i need  
Get me high lil' girl and be my speed

Be my speed
