Take this kiss with slow embrace  
To the darkest place  
Just you and I

Through these walls to the other side  
Where our souls collide  
Never to die

Into the grave  
We waltz from the light  
Out of the grace  
Only love will survive  
Thicker than wine  
Deeper than time  
We dance to the dark delight.

Without end through ash and dust  
In our hearts we trust  
What fate has allowed

Beyond this time on the other side  
Where nocturnals lie  
Living to die

Into the grave  
We waltz from the light  
Out of the grace  
Only love will survive  
Thicker than wine  
Deeper than time  
We dance to the dark delight

Joined together  
Bound forever  
Deeper  
Stronger  
Nothing can tear us apart in this world

Don't you turn away those years  
Another thousand tears  
Wash away your fears

Dancing on and on  
In the night and the tears keep falling
