I guess you're seeking salvation
Nothing but damnation
Left for you
If you choose the wrong direction
It's a brand new feeling
Sacrificial healing
Like a U-turn out of the blue
Once you're strong enough to face it

Thought I'm standing by your side
I feel so lonely I could cry

Never say die
Leave me alone in the night
Keep me away from the light
Razorblade cuts the line
Never say never say die

Are you escaping the dreaming
A life without meaning
Left for you
If you choose the wrong addiction
Let me tell you a story
Without a blaze of glory
The darkest days are through
Once you taste my love you'll make it

Thought I'm standing by your side
I feel so alone I could cry

Never say die
Leave me alone in the night
Keep me away from the light
Razorblade cuts the line
Never say never say die
Leave me alone in the night
Keep me away from the light
Razorblade cuts the line
Never say never say die

Though I'm standing by your side
I feel so lonely I could cry

If I could feel my heart tonight

Never say never say die
