The weakness of your vocabulary reflects your lack of morality and the little skin covering the hollowness of your capacity to co-exist as leaked. Bewail! Your rebel look will not countervail for your macho rudeness and your careless narrowed mind. Degradation is the way you speak as a crutch holding your handicap ideals. Bewail! Watch the expression on my face, as I watch you drown. You aren't fooling me now, no you aren't fooling me now, because I've seen you in action: Nothing but bullshit. Stay away from me! Bewail!
