Everytime I hear you breathe  
In the still night next to me  
And your innocent heart to beat  
I feel so complete  
Just let me listen  
to you gentle breathe  
No words do we need  
Let your innocent heart speak  
Still waters run deep

[chorus]  
What you say  
what you do  
You do it all for me and you

What I do/What I say  
I do it all to be this way

Everytime I hear you breathe  
In the still night next to me  
And your innocent heart to beat  
I feel so complete  
Just move a little  
bit closet to me  
No words do we need  
Let your innocent heart speak  
Still waters run deep

[chorus]
