Rap 1: Jadakiss

Uh Yea Yo  
My heart got my mind trapped in  
Tryna find somethin' out that ain't gon' happen  
Honey jus' jumped ship and left the captain  
Guess that's the repercussions of my actions  
Yeah,  
And its making me furious cuz I'm so curious  
After you lose somethin' you realize its serious  
Meanwhile im stretchin' the time out  
Sitting here wondering if you'll ever find out  
C'mon

Verse 1: Ryan Leslie

Fresh like the kiss of morning dew  
That's how it felt that day we met  
When I first laid eyes on you  
Its like you walked right up out my fantasy  
And then you left that day  
Girl why did you abandon me  
Baby you'll see, that you'll

Chorus:

And i wonder if you'll ever find out how it was supposed  
to be baby  
Said i wonder if you'll ever find out how it was  
supposed to be baby

Verse 2: Ryan Leslie

Now when I think back to the days you were mine  
Oh how I wish I could flip the switch  
To turn back the hands of time aw, baby  
But you were the one that made me real  
Now that your gone  
Tell me what in the world am i s'pose to feel  
Without you here with me

Chorus:

And I wonder if you'll ever find out how it was suppose  
to be  
Said I wonder if you'll ever find out how it was suppose  
to be

Bridge:

Listen  
Something tells me I been robbed  
Of the love I felt that you should've given  
Never thought you would leave me on my own  
But I see that's its over  
And I hope one day your mine

Rap 2: Jadakiss

Yo heavy behind the tints  
red carpet events  
The way we crushin' the buildin' don't even make sense  
Paparazzi always wanna poly when you fresh  
Gucci on the frames, Cavali on the dress  
His and her bling, king and the queen  
Coming through clean doin' his and her thing  
That's just thoughts of how it coulda been shoulda  
been  
Till I figure it out, its back to the hood again  
Whos ever heart cant be broke, can be cracked  
But imma handle it like a G, and G Mack  
Still brainstorming see the sunshine  
But the rain still forming Pains getting stronger  
Cant really pin point where it went wrong and  
All i know is that I shoulda seen it all along  
And Maybe I need a different approach with me  
To find out how it really was suppose to be

Chorus:

And I wonder if you'll ever find out how it was supposed  
to be baby (uh will we ever find i wonder)  
Said I wonder if we'll ever find out how it was supposed  
to be baby ( I wonder)  
And I wonder if you'll ever find out how it was supposed  
to be baby ( Said I wonder)  
Said I wounder if we'll ever find out how it was suppose  
to be baby (Uh Yeah)
