Cause we give them what they want
Yeah we Give them what they want
Give Give them what they want

lokos and they cartoons. Adult swim, Peter griffin. Play

Take two to the head like a birthday shot. send a pic

of the plot.

(MexicanMike)

We stay cranked up, turned up, music loud, and I burn
stuff. My dark shades and my snap backs enough to
know she ain't coming back. She got back and I had
stacks but she bad with that so I threw that. You mad
bro bro? who that? Your girl, My bad.

(Tate)

Hop out, time to rock out. Know how white boys get
when we get dumb. We all in. At it again. You can have
your girl when we get done. Roll it up. Faded. Pour it up
I'm wasted. Hat to the back cause we got it like that.
One more shot don't chase it.

(Tate)

Popping bottles yeah popping pills. We look for thrills.
On the hunt for bills. Her looks could kill. So I try to smash.
House party with the crew. We can bash. Throw it back watch me catch.
With my camera phone I won't forget. That xo got my head spun.
We bad kidz having good fun.

(MexicanMike)

We need a couple girls clothing optional that wanna show them things.
They bad but they built right so we bang, (reload) bang!
That Molly makes a party. Crew's getting kinda tardy.
