..to this..border line
crolling toys go inside

Border ..whisper though I try to chart..cold
I strike so that's the last I can prove

Throughtout the borders, throughout the..
they left me on the hills
that's a lie here, a set agenda
the only thing I know is stay away surrender

Sign here holds up to a station here out of sight
attention..pay from die hold the snow, when I ..
heavy eyes,.. heavy eyes..out of sight

Throughtout the borders, throughout the..
they left me on the hills
that's a lie here, a set agenda
the only thing I know is stay away surrender
