Damn girl
Didn't mean to hurt you like that,
I'm really really trully sorry

You know I didn't intend to do
mean to hurt you, right?
I mean it just wasn't, wasn't meant for you

Run the track

Shawty just keep on calling me
but I don't want to hurt hurt no
and baby just keep on stressing me
don't want to break her heart I don't, no I don't
ohh I'm never forget those memories
and the things we get, please understand me

Ohh but I've got to move on if I don't baby
I could do you wrong, so sorry lady
I've got to move on, let me go baby
I've got to move on, move on

Don't you to hear it in the streets
want you to hear it from my lips that I'm on my shit
and you don't want no part
you girl say you so leave me, 'cause you never see me
don't you see the writings on the wall
down town you don't want no parts, ohh
I'm never forget those memories
and the things we did, please understand me

Ohh but I've got to move on if I don't baby
I could do you wrong, so sorry lady
I've got to move on, let me go baby
I've got to move on

Even though some..poppin up in my crib
I thought you know, just let me go
I know that's really aren't you
but girl it's only me to
I told you so, you don't wanna go

There with it, see right now baby girl
I'm playin well with it..
..'cause you're beautiful, you're still a special girl
but I'm asking you to listen to me

Ohh but I've got to move on if I don't baby
I could do you wrong, so sorry lady
I've got to move on, let me go baby
I've got to move on, ohh.
