Hey baby girl, I've been missing you
I'm missing all of the things that we used to do
and you ain't gotta go right now,
spend the night I'll make it work your while
we're gonna be lover, kissing and touch you,
that one thing is certain, old fashion gonna love you
our chemistry is real, so you know the deal,
once we get it down, you know exactly how I feel.

I can't help it every time I'm meeting you,
every time I'm meeting you
...if you wanna love you, girl, you girl, girl
so night with me oh baby, yeah

2 x Chorus:

If we only got one night, let me love you
let me love you for one night, let me love you,
till the morning comes, till we see the sun,
let me love you, only for one night.

Sorry I ain't got much time,
got a morning and fly it on the red eye
but as long as you're here I'm gonna love you down
'cause I wanna hear them ..ourselves
but it give you tenderness and patience
kisses that won't have you for the big in,
for lots of four play, the..for me,
show me what I'm missing girl when I'm away

I'm gonna miss you..right away
we gotta slow it up, so we're gonna slow it up
so you can feel all this love,
I see that you're feeling it, won't stop till we quit
one night that you want it but forget girl.

Chorus:

If we only got one night, let me love you
let me love you for one night, don't leave girl
until the morning comes, until we see the sun,
let me love you, only for one night.
If we only got one night, let me love you

let me love you for one night, yeah yeah
until the morning comes, until we see the sun,
let me love you, only for one night.
