Is this lovers leap/Are you rolling in clover/When  
the girl of your dreams is somebody else's dream  
Your conscience runs deep/But desire runneth  
over/When  
the wife of a friend is tired of her wife routine  
And you hear her voice/You smell the perfume as she  
walks in the room with a choice/Not easy to make  
She pours you a drink/And then you have another/And  
you know it's insane/The voice in your soul complains  
But you laugh and think/You're like so many others/Just  
a victim of lust/The tiger that can't be tamed  
And you see her eyes/You want her so much now you're  
feeling her touch/And the prize is there for the take

(Chorus) You took the ride now you're lost in the limbo  
of love/No place to hide now you're lost in the limbo of  
love

You rolled the dice now you're lost in the limbo of  
love/You pay the price now you're lost in the limbo of  
love

Is this lovers leap/Are you rolling in clover/When  
the girl of your dreams is somebody's broken dream  
Your conscience runs deep/And it's working you over/Is  
the prize that you've won worth all that you've done and  
schemed  
And you hear her voice/You smell the perfume as she  
walks in the room/With a choice/So easy to make

(Chorus)
