Lady lady/You've got the power/You can take me all the way  
And lady lady lady/I've got the hour/Let's make one and one parlee

When I'm with you/It's like a jungle fever/Keeps me burning through the night/  
Before we're through/We're gonna break the lovin' meter/Come on baby/Hold me tight

(Chorus) You got the right kind of lovin'/That's keeping me hungry for more/  
You got the right kind of lovin'/That's makin' this hungry lion roar

Lady lady/You've got the right look/You were made to do the town  
And lady lady lady lady/Yoy've got the right hook/Ready for another round

And when you move/I hear the drums start beating/Playing rhythms of delight/  
You can't improve/When you've got the perfect meeting/Called to order by the night

(Chorus)
