[Pharoahe Monch]

Dear Mum

Alot [?] is in our second trimester ?

Stressed out

Causes shes goin acting all extra

Were happy cause she knows its a girl

But we doubtful if we should bring another one in the world

Aint you said that send your kid to the park [?]

I'm keepin all my photos in my 23rd song

My best friend Armani lost her arm at the border

Just tryin to restore a little peace and order as

It's strange cause she reads the koran

Torn between what side she needs to be on

Havent slept for days

I scream when I see

Cause no man's eyes should see what I see

Soldiers lost their mind

Robbin, pillagin

Tomahawk missiles into civilian villages

And they ease the pain with narcotics

I'm scared but I'm tryin to remain patriotic

[Justin Timberlake]

My father

Forgive us cause we know not what we doin

And my brothers

How we gonn tie up all these loose ends

And my mother

Tryin to use that thing you taught me to keep it movin

And my brothers & sisters

How we gonna tie up all these loose ends

[Pharoahe Monch]

New message from mums

?? ring back ??

At home they comparin this situation to nam

So sad you had to miss your mums prom

Just some song off the Marvin Gaye Whats going on album

And I'm smilin at the room

She asks me  
If at night would she stare at the moon?  
Is it possible at the same moment of time  
You starin as well cause you too in tune  
Your dads [?] apart now hangs over his ashes  
Which means hes alive and wake up with hot flashes  
They claim its disease that gassed him  
Have yet to explain the migraines and rashes  
And have you seen what the price of gas is?  
We can't afford the property taxes  
We just want you back at home  
Where you belong with your family  
Your the backbone

[Justin Timberlake]  
My father  
Forgive us cause we know not what we doin  
And my brothers  
How we gonn tie up all these loose ends  
And my mother  
Tryin to use that thing you taught me to keep it movin  
And my brothers & sisters  
How we gonna tie up all these loose ends

Tell me how can we live this way  
We've gon so far astray  
No one knows what to say  
We got young peoples lives at stake  
Whats it gonna take  
For us to find a way

[Will.I.Am]  
The world is changin  
We in danger  
We ain't changin  
Our behaviour  
We behave like  
Calm is nothing  
Aint concerned with  
Repercussions  
Aint that somethin  
Check him out now  
Pointin fingers  
When they know how  
We got to this point of terror  
Caution could have  
Made the road clear  
But we stuck with  
Mediocre leadership  
So we'll just suffer  
Who knows what the

Hell is going on  
With conflicts they keep on growing  
It's a fucked up situation  
When you ain't got no education  
On the problem  
Or know what its about  
You gotta help me out
