Every time you did something, out of the usual, man
Iâ'd sink,
Iâ'd fall into a giant pit, but why is this, man Iâ'm sick!
You told me once, you dyed your hair, and most of
men, just wouldn't care,
But being me, I cared too much! You dyed your hair!
Fuck you slut!
I liked it brown! It was the best! But now youâ've gone
and turned it red,
And it seemed like I just couldn't see, that you were
you, and I was me,
And why would I care if you changed a feature, you
were still perfect in
Every way,
What you changed just made you better, but at the
time I was insane, and
Now,

Baby girl Iâ'm sorry that Iâ've gone and done all this to
you,
You were sweet and innocent but me all I knew was
abuse,
And so I took life out on you, and you you took the pain
I used,
Iâ'm sorry girl; I hope you know that youâ've always
been beautiful,

You told me once you pierced your nose, I froze in
anger, and then I rose,
A fiery fist into the air, no thoughts just anger, my nose
a flare,
Didn't have a reason to be so mad, so I dropped my
fist, but it was too
Late, and,
So you tried to run out of the room, but I threw myself
into the way,
And stopped ya, you cannot leave, why the fuck you
doing this to me?
I loved you just the way you were before, now you just
look like a fucking
Whore,

You screamed in sorrow, let me leave, then I snapped
out of whatever that I
Was,
Saw you crouched lying, on the floor crying, I
apologized but that would
Never be enough, and now,

Baby girl Iâ€™m sorry that Iâ€™ve gone and done all this to
you,
You were sweet and innocent but me all I knew was
abuse,
And so I took life out on you, and you you took the pain
I used,
Iâ€™m sorry girl; I hope you know that youâ€™ve always
been beautiful,

You came home one night with a tattoo, oh no not one,
you had two,
And that just made me hate you so much, but I had no
reason, but I just
Erupt,
Acted like this was a personal attack, do you hate me
or something? What is
That?
Do you love me? I bet you donâ€™t! Then get a tat of my
name but I bet you
Wonâ€™t!
Iâ€™m glad you left me; evidently sensibility was empty,
But I hope to god you donâ€™t resent me, back in those
days I wasnâ€™t right
Mentally,
And as it goes, we were not meant to be, or maybe we
were but Iâ€™m proud you
Ended us,
Because if you didnâ€™t I probably would of ended us,
got so envious, so
Cremated us to dust,
And now,

Baby girl Iâ€™m sorry that Iâ€™ve gone and done all this to
you,
You were sweet and innocent but me all I knew was
abuse,
And so I took life out on you, and you you took the pain
I used,
Iâ€™m sorry girl; I hope you know that youâ€™ve always
been beautiful.
