I don't like the way that he treats ya,
Big bad wolf with the devil in his features,
He beats you not physically but mentally,
And you carry on loving him, but eventually,
Yeah, I won't be able to hold back,
I've got too much love to be able to do that,
And deep in your heart, I know you knew that,
And deep in my heart I've loved you a long time,
And I can't just sit back watching you take his crap,
Letting you take the rap, for all that he does that's
bad,
Yeah I can tell you're sad, he's drained all the joy
you had,
I could bring it back, but the point of the fact is,
He has completely fucking messed you to stay with
him,
Prays on your innocence with devilish intentions,
If I was you I wouldn't trust him for a second,
This song's just an act of my protection,
'Cause,

He thinks he's the big bad wolf, tough enough to prey
on a woman that he
Loves,
And as soon as you try to leave that's when he shows
his teeth, and digs
His claws in until you shriek,
But he's just an impersonation of the big bad wolf,
tough enough to destroy
A woman that he loves,
And as soon as you try to go that's when his claws do
show, and he digs
Them in ya until ya weak,

But he's just a big bad wolf,
Silly little big bad wolf,
Nothing but a big bad wolf,
But who's afraid of the big bad wolf,

I don't know how long I can sit here,
Knowing that you're scared of his imminent return,

Because if he catches you talking to a guy,
You're instantly a slut in his eyes and they burn,
Up and he instantly erupts, and suddenly it's enough,
His soul becomes corrupt, and he thinks he's seeing
love,
But not any real love could be like this,
This is an addiction, some sadistic shit and its,
Not classy the way that he acts it is,
Not funny when he claims it's an accident,
When he fights with you and starts up an argument,
And starts smashing things when he's losing the will
to live,
I can't believe it when you tell me these things he
does,
Cusses at you, acting like you're fucking worthless,
And the worst thing is you start believing it yourself,
And you start to think that you're the cause of all this
hell,
And that he's only shouting at you because you
started it,
He's only smashing the flat because you asked for it,
If I was you I wouldn't give him any of my attention,
This song's just an act of my affection,
'Cause,

He thinks he's the big bad wolf, tough enough to prey
on a woman that he
Loves,
And as soon as you try to leave that's when he shows
his teeth, and digs
His claws in until you shriek,
But he's just an impersonation of the big bad wolf,
tough enough to destroy
A woman that he loves,
And as soon as you try to go that's when his claws do
show, and he digs
Them in until you're weak,

But he's just a big bad wolf,
Silly little big bad wolf,
Nothing but a big bad wolf,
But who's afraid of the big bad wolf,

I don't like the way that you're quiet,
Not with me but suddenly are when you're with him,
Like he's dominant and you're afraid to say a word,
In case he thinks you're talking out of line, it's not
your turn,
But he's nothing, yeah; I can tell you that,
Any person is if they are treating you like crap,
You are lovely! Beautiful! Kindest woman at heart,

And if he's such a twat not to notice, you should
depart,
Leave his sorry ass, yeah, he don't give a damn,
He's addicted to ya love! He just wants you around,
What kind of love is it when all he does is start a fight,
Says he misses ya but then makes sure you argue
through the night,
And I can't stand it; but I've got to hand it to ya,
For lasting so long within his walls, his arms, his power,
How much do you really mean to him, let's see the
evidence?
A forty pound engagement ring, oh your eminence,
It's negligence, just treating you with malevolence,
He should be treating you at the highest point of
elegance,
If I was you I wouldn't be in a state of suspension,
This song's just an act of our connection,
'Cause

He thinks he's the big bad wolf, tough enough to prey
on a woman that he
Loves,
And as soon as you try to leave that's when he shows
his teeth, and digs
His claws in until you shriek,
But he's just an impersonation of the big bad wolf,
tough enough to destroy
A woman that he loves,
And as soon as you try to go that's when his claws do
show, and he digs
Them in ya until ya weak,

But he's just a big bad wolf,
Silly little big bad wolf,
Nothing but a big bad wolf,
But who's afraid of the big bad wolf,

Not Me...
