It's time for you to go home, go back to him, lay down
in your bed, why I
Stay alone,
I'll stay with my thoughts, my imagination taunts; it
devours me, flaunts,
More than I've ever known,
I want to pick up the phone, but he'll answer from his
throne, and he'll
Say that you're not there, then start an interrogation,
I don't want to be a complication in the life you're
facing, but if he
Wants a confrontation, I'll fucking smash his face in,
Yeah, I'm not a violent person, but if someone hurts
someone, I'll summon
Some and serve them,
Because I don't take kindly to woman getting hurt,
nah, especially one that
Would never do anything wrong on this Earth, ah,
This situation gives me a headache, falling for
someone who's engaged, god
You'd swear I love the heart break,
You can hear the cracking sound every time my heart
beats and the dripping
Of the blood when you walk away from me,

I'm crazy, for you, evidently I would do anything
you'd want me to,
But I am bruised; I got a constant history of always
being the one that has
To lose,
And my thoughts are too, crazy, yeah; all I can think
about is what you
Both do,
And it makes me blue, thinking this through, I swear I
must be crazy
Falling in love with you,

It's time for you to go back, go back to him, lay down
in your bed, why my
Heart just cracks,
Don't know how long I can keep feeling a cardiac,

don't know how long I can
Keep seeing you pack your bags,
Don't know if I'm right feeling sad, falling over heels
for you is like
Falling onto my head,
I was never good at acrobatics; but my heart is doing
back flips, and my
Mind is running half a mile fucking backwards,
And I'm knackered, exhausted, forced with the
possibility of you not
Thinking I'm important,
As you say you love me and you kiss and hug me, but
then you rob me of all
My honesty,
And honestly, do you think I'm a comedy, do you think
I'm a quality a class
Leaf short of a broccoli,
We're possibly; breaking all kind of loves policies, but
prophecies show,
You and me were meant to be, or I'm just,

Crazy, for you, evidently I would do anything you'd
want me to,
But I am bruised; I got a constant history of always
being the one that has
To lose,
And my thoughts are too, crazy, yeah; all I can think
about is what you
Both do,
And it makes me blue, thinking this through, I swear I
must be crazy
Falling in love with you,

Yeah I'm crazy, I've always known that, someone
says it to me I just
Condone the fact,
And my heart, after years of being attacked, it's
become disconnected from
My brain and turned from red to black,
And I mean that, it's far too broken to comprehend, or
go back, far too
Fragmented to mend,
Every woman who entered my life, tried to see how far
it could bend, then
It cracked 'til it snapped,
That's why it's crazy why,
I'm crazy, for you, evidently I would do anything
you'd want me to,
But I am bruised; I got a constant history of always
being the one that has
To lose,

And my thoughts are too, crazy, yeah; all I can think
about is what you
Both do,
And it makes me blue, thinking this through, I swear I
must be crazy
Falling in love with you,
