It's all right with me
as long as you
are by my side
Talk or just say nothing
I don't mind your looks never lie
I was always on the run
finding out what I was looking for
And I was always insecure
just until I found
Words often don't come easy
I never loved
to show you the inside of me
I know my baby
You were always patient
dragging out what I try to hide
I was always on the run
finding out what I was looking for
and I was always insecure
until I found
You, you were always on my mind
you, you're the one I've been living for

you, you're my everlasting fire

you're my ever shining star

The night's always a good friend

a glass of wine, and the lights are low

you lying beside me, me full of love

and filled with hope
