Yeah, I love the USA  
The greatest country in the world  
Where we have the freedom to do what we want  
Just as long as it's what the government wants us to do  
Where all men are created equal  
Just some more than others  
But aren't we all brothers?

Yeah, I love the USA  
I'd die for it any day  
I'm sure it'd do the same for me some day  
I support the country that lets children starve  
And people die in the streets  
Just as long as none of them are me  
Hoist the flag red white and blue  
I'm so proud and you should be, too  
Of the country that gives us free speech  
Just as long as we don't try to use it to impeach  
Where we drive on a parkway  
And park on a driveway  
Where you can have it your way

Yeah, I love the USA  
Host to racism and poverty  
Land of the free, home of the brave  
I have the privilege to recite the pledge  
Of allegiance every day  
Too bad no one understands what it says
