Well I got a little girl  
She's built up from the ground  
You know that little girl now she ain't no hand-me-down  
I love her  
Yes I love that little girl  
Well I love that girl of mine cause she ain't no hand-me-down

Well I love her in the mornin'  
I love her at night  
I like to love my baby all night  
I love her  
Well I love that little girl  
Well I love that girl of mine cause she ain't no hand-me-down

Well I told you my story  
I guess this is the end  
Hope my baby don't fool with other men  
I love her  
Yes I love that little girl  
Well I love that girl of mine cause she ain't no hand-me-down
