Through the power of free will
Our sin is confusion
Dna , rna, love an illusion

The media's shocked because of another fucking
suicide
I wonder when they'll realize they're doing this eye to
eye
Perfected in the mirror
Lies getting clearer

We die in this forgotten universe
As we watch mindlessly
The media distracts us from reality
New reality

Money was more a God than our God ever was
Knowing this was theyre ever either one

The media's shocked because of another fucking
suicide
I wonder when they'll realize they're doing this eye to
eye
Perfected in the mirror

Lies getting clearer

We die in this forgotten universe
As we watch mindlessly
The media distracts us from reality
New reality

We exist in a world where everything evolves
Into the image of the creator
We solve

The media's shocked because of another fucking
suicide
I wonder when they'll realize they're doing this eye to
eye
Perfected in the mirror

Lies getting clearer

We die in this forgotten universe
As we watch mindlessly
The media distracts us from reality
New reality
