"Empire"

Visit "[Empire](#)" on MotoLyrics.com

I'm looking at your soul, your soul, your soul, your soul
I'm looking at your future, your future, future, future
As I look into your eyes, these eyes, these eyes, these eyes
I see another spy, a spy, a spy, a spy

Vampire, you're feed on the life of a pure heart
Vampire you suck the life of goodness
Vampire, you're feed on the life of a pure heart
Vampire you suck the life of goodness

Turn the lights on
Let's the lights shine bright
Turn the lights on
Let's the lights shine bright

You've got to feel yourself and let go
You got to know you read what you saw
You've got to feel something at sometime

Check the writings on the wall
And look into the sight
spending all your money on gifts that never work From
now on I'll call you England
>From now on I'll call you England
>From now on I'll call you England

See if you spit in the sky
It will fall in your eyes
You see what goes up must come down
You will die looking up if you not looking in
you've got to know your theft

I'm looking at your partners and they would never agree
I'm looking for your justice and it can not be seen
I'm checking where you're coming from and where you're going to
I'm checking all what you have done to see what you can do
I'm looking at your lawbooks and they were never read

I'm looking at your and they can never be dread
I'm looking at your empire living on the....
You've got to know your theft

Vampire, you're feed on the life of a pure heart
Vampire, you suck the life of goodness
Yes
Vampire, you're feed on the life of a pure heart
Vampire you suck the life of goodness

>From now on I'll call you England
Empire fall man, empire go
>From now on I'll call you England
Got to listen to be learned
Why is it that you must go
>From now on I'll call you England
and the rich that you eat is more like food that you fear
>From now on I'll call you England
gotta see no love anyway you appear
>From now on I'll call you England
you've got to know your theft
from now on I'll call you England
you've got to know your theft
