I was looking all around me  
For that special one  
Whom I could share my life with  
We could have big fun  
But all I saw around me  
Were material girls  
Heading for the parties  
'Till I found my Black pearl

1 - I was looking for somebody  
Not just anybody  
I'm so glad I found it in you  
I just wanna be around you  
Build my world around you  
I'm so glad I found her in you

Wanted me a lady  
A flower in bloom

To bring home to mama  
On a Sunday afternoon  
Somebody I could talk to  
Who would understand  
A woman who could change me  
Into a better man

Repeat 1

Repeat 1

Everybody needs someone  
I'm glad I found that someone in you  
And only with you  
You won't ever have to be alone  
Your lonely days are over girl, it's true  
Somebody loves you

Repeat 1 until fade
