Ordinary sentiments won't represent,  
The passion that my heart bleeds for you  
You gave to me, unselfishly  
A love that is a dream come true  
I only want to please you, ohh  
My only wish is to be the man you love  
And forever love like this  
There can never be another feeling  
To show you the way I feel  
Let me give you all that I have to give  
To show you my love is real  
I fell in love with you, from the very start  
There can never be another love for me  
You got my heart, you got my heart  
Everytime I think about it, you've  
Been so very good to me, I can't believe  
I've been trying to understand, how you can  
Even love a man like me  
I wanted the finest things in life  
You gave me something no money could buy  
And now that I found your love, I see the

Treasure was in your eyes  
There can never be another feeling  
To show you the way I feel  
Let me give you all that I have to give  
To show you my love is real  
I fell in love with you, from the very start  
There can never be another love for me  
You got my heart, you got my heart  
You are all that I need  
Everything that I need to get by  
Don't take your love away from me  
You don't need to see this grown man cry  
There can never be another feeling  
To show you the way I feel  
Let me give you all that I have to give  
To show you my love is real  
I fell in love with you, from the very start  
There can never be another love for me  
You got my heart, you got my heart
