(Chorus)

Honey, honey, honey won't you open that door
This is your sweet baby, don't you want me no more
It's cold outside, let me sleep on the floor
Honey, won't you open that door
I honky-tonked around Dallas, got in a poker game
Somebody must have been cheatin'
I lost everything but my name
Walked halfway to Memphis, finally got back home
I'd be better off where I was
Cause here's where things went wrong

(Chorus)

I went right down to see old Bob
I thought he was my friend
The landlord said that Bob's not here
Police done hauled him in
I ran right back to little Honey's hosue
I got me a rocking chair
Now Honey if you don't open that door
I'm gonna rock on away from here

(Chorus)
