prime suspect, with enough stress If you can give a  
FLUCK, then I can give FLUCK less Obsessed with who I  
struck next so I set it for success when I spit cause the  
vic is my next metaphor Self-destructive mixed with  
light lies If, you lookin for psychotic, I got it Or DON'T!  
Maybe y'all are retarded, absurd And I observe while  
the whole world tries to act reserved Need a Oscar, I'll  
put on an act that's superb E'rybody relax, it's words
