Verse 1: Slim]

Tell me why youre here tonight
Are you looking for someone to do you right
I see you standing by yourself
And I heard youre stepping for somebody else
Came up to you
So I approached you on the wall
I Started off by saying beautiful
And then I saw
That you already had a man
Cause I noticed the ring on your hand

[Bridge: Slim]

So I thought to myself slow it down, cause I dont want it
to get the best of me
But Im starting to get closer now, cause Im feeling that
this might be destiny
And Im dancing with you although its wrong
And I cant help but notice youre feeling it
And theres really no use holding out, cause I know its
that good love you need
I can give it to you baby

[Chorus: Ryan Leslie]

If its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down
Its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down

[Verse 2]

Imagine if you came with me, and imagine all the
things that we can do
Me and you can make it work so easily, baby I can see it
in the way you move
The way you move
I get it from the way you dip, from the way youre biting
on your bottom lip
I know you want it
Cause even though you got a man, youre still taking
me by the hand

[Bridge: Slim]

So I thought to myself slow it down, cause I dont want it
to get the best of me
But Im starting to get closer now, cause Im feeling that
this might be destiny
And Im dancing with you although its wrong
And I cant help but notice youre feeling it
And theres really no use holding out, cause I know its
that good love you need
I can give it to you

[Chorus: Ryan Leslie]

If its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down
Its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down

[Verse 3: Fabolous]

I got that good love
You aint heard of me by now, well you shouldve
What you been under a rock or youre just outta touch
I know you work, go to school, and dont get out as
much
So if you let me baby, Ima let you whats good
A TV with HD wouldnt show as good dapslyrics.com
I got taht fogging up the windows in the back of Jeeps
Yeah I wake that thing up, and put it back to sleep
You put it back to sleep? Thats what I said right?
They do it wrong baby come get your head right
And I think everybody know what Biggie said right?
If its right is on tonight like headlights
I dont slow down, not even for red lights
You cant stop this G double O D
We can both try to fight it like ??
But you need this Loso, in case you didnt know so
Slim take us outta here

[Chorus: Ryan Leslie]

If its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down
Its good love you need, I give good lovin
How its supposed to be, all night and it wont slow down

[Verse 4: Ryan Leslie]

Now Im rolling down my tinted window
Is you coming or staying, I see you think about it
girlfriend just surrender
You got a chance to make the right choice
Im intelligent, got my money right, plus I got a nice
voice
I can give you the right touch, the right place

You dont really need to be wifed up, hes lightweight
I wrote the right hook, and got you knocked out
I take you shopping, get iced up and rocked out
I know you like the picture, Ima paint it for real
By the way I put it down slowly when Im rolling with ya
Theyll be looking for us, but well be under covers
On the journey from perfect strangers to secret lovers
Tell me all your stories, Ima tell you mines
Ill even lie to you, tell you Ill leave the game behind
So you can feel good, but you know what it is
Im only tryina get in and handle my business

[Chorus: Ryan Leslie]

If its good love you need, I give good loving
How its supposed to be, all night and it wont slow down
Its good love you need, I give good loving
How its supposed to be, all night and it wont slow down

[Outro: Slim & Ryan Leslie]

Slow down, slow down, and it wont slow down
Slow down, slow down, and it wont slow down
Slow down, slow down, and it wont slow down
Slow down, and it wont slow down

If its good love you need, I give good loving
How its supposed to be, and it wont slow down
Its good love you need, I give good loving
How its supposed to be, all night and it wont slow down
