Wake up

Confined in this cage constructed by your own
Sterilized by this stricking to the norm
Stop marching in line and start messing with your head
Discharge and you know that it's gonna hurt
Really good!

Enough with the pity, the fear, all these knots in your
mind
The kettle is boiling; it'll burst into seems, don't keep it
inside
Take this momentum, feel the bliss
Induced by the catharsis

Breaking the bonds of conformity
Crumble that prison filled with misery
Enter the world consumed by insanity

Ecstatic, organismic, you know it's gonna hurt
Really good

Let's go for the cleansing and the trancing; just let it all
out
A good abreaction, euphoric; that's what it's all about
that is the path we chose to take
A walk in the purgatory

Breaking the bonds of conformity
Crumble that prison filled with misery
Enter the world consumed by insanity
Ecstatic, organismic, you know it's gonna hurt
Really good

It's a cut-throat game we're playing
Be ruthless and dissent
