Insane, spoken from a madman's mouth
Again the sound of hatred rings
Impure, the blind leads the naked, through a fucking
parted world
He'll make life out of darkness

I'll crush your beliefs with my pride; I won't get down on
my knees
There's no time to pray, we are heading right back to

Ground Zero
Where madness and sickness are the only friends who
remain
The psycho within me shaped by the destruction you
have caused
Getting stronger everyday

Illness, the freak shows the way to his
Schizophrenic mind
Immune to his inner chaos, creating his own world
From the deepest desire of survival

I'll crush your beliefs, with my pride; I won't get down
on my knees
There's no time to pray, we are heading right back to

Ground Zero
Where madness and sickness are the only friends who
remain
The psycho within me shaped by the destruction you
have caused
Getting stronger everyday

I hear him now, will you fear me now?
I'm listening to him now

Face to face with myself, there's no time to waste
Time slowly sucks life out of me, no there's no time to
waste

Ground Zero

Where madness and sickness are the only friends who
remain
The psycho within me shaped by the destruction you
have caused
Getting stronger everyday

This is just the beginning
