Lonesome boy all mad  
Lonesome road  
With a story that must be told  
I can't see through my rear view mirror  
And I can't understand why  
I can't be near her

'Cause I can't say what you meant to me  
And I've been caught lookin all around  
And I can't say what you meant to me  
To me yeah

Empty bottles sit on my floor  
What can I do but drink some more  
Things will never be the same  
What can I use to  
Kill this pain

'Cause I can't remember where I'm goin to  
And I've been drinkin way too much to drive  
And I can't remember why I'm still alive  
But I will survive

Lonesome man and lonesome road  
Now the story has been told  
I close my eyes and clear my head  
And I'm still half alive but I feel mostly dead

'Cause I can't say what you meant to me  
And I've been caught lookin all around  
And I can't say what you meant to me  
To me yeah

To me  
To me  
To me yeah  
Oh to me
