We ain't going to the dance
We ain't going to the hop
We're just going to the World Domination Ball

Let her roll
Once you get a taste of it you know you've gotta stick it
out
Let her roll

Yesterday was the basement
Today we're playing in the hall
Tomorrow we'll be jiving at the World Domination Ball

Let her roll
Once you get a taste of it you know you've gotta stick it
out
Let her roll

We can't seem to find an answer
And i'm in a mood to make a mess
I've sold reservations to the World Domination Ball

Let her roll
Once you get a taste of it you know you've gotta stick it
out
Respect no sense respect no sense respect no sense
lose control
And it ain't like anyone knew which way to go

Respect no sense respect no sense respect no sense
lose control
Faceless nameless faceless nameless faceless
nameless lose control
And it ain't like anyone knew which way to go
Let her roll

Kids today are fond of dancing
Hopes and dreams stand tall
But tomorrow they'll be jiving at the world domination
ball

Let her roll

Once you start living you know you've gotta keep
control it seems so slow
We can't stop living you can't stop living
We can't stop living we can't stop living
We can't start dying we know we've gotta keep control
