I knew her well  
We suffered through the good and the bad times  
Believed above else  
She was mine  
But she said that it couldn't last forever  
Runnin' 'cross the bridge she said

No, boy, oh, no  
I won't be comin' back again  
I've got better things to do  
I'm gonna miss you, oh...

She wanna live in a high-rise  
Way up on the east side  
A city, ho...  
In high society (Ho, ho)

She wanna live in a high-rise  
Way up on the east side  
A city  
Where she can forget about me, ooh

I remember the moment  
She took me through it in the pourin' rain  
Said there's somethin' all the love in the world  
Ain't gon' change  
And as we ran for shelter under the oak tree  
She suddenly turned to me and said

No, boy, oh, no  
We've pretended long enough  
Now the time is almost here  
I won't leave no tears (No), no tears

She wanna live in a high-rise  
Way up on the east side  
A city (Ho, yeah)  
In high society (Oh, please don't go) (Ooh)

She wanna live in a high-rise  
Way up on the east side

A city, hey  
Where she can forget about me, ooh

Said she's got to find a way to get up there (Woo)  
Said she hasn't really made it yet to you up there

I won't be comin' back again (Baby)  
I've got better things to do (Please)  
I'm gonna miss you, miss you, ooh (Oh...)

She wanna live in a high-rise  
Way up on the east side  
A city (city) ho, yeah  
High society (Oh, please don't go)

She wanna live in a high-rise  
Way up on the east side  
A city (city) ho, baby  
Where she can forget about me (Oh, oh)

She wanna live in a high-rise  
Way up on the east side
