You like to watch the clouds drifting
'Cause you feel some kind of kindred
Won't tell nobody what you're into
Spend lots of time dreaming
All through the day
When love look in your eyes you turn away

You like to stay free
That's what you told me
That's all in life you ever want to be
You like to stay free
Standing in my face
You said to me no one would ever fill the space
Stay free
Stay free

You like to sit high on a hill
Count the daisies in the field
It's your own way of playing solitaire
You won't answer no question
Or say where you've been
The last thing you think you need is a friend

You like to stay free
That's what you told me
That's all in life you ever wanna be
You like to stay free
Such a pretty face
There ought to be somebody there to fill the space
Stay free
Stay free
Stay free
Stay free

Ha, ha, ha, ha

Ha, ha, ha, ha

You must be some special kind of breed
I could tell from the life that you need
If that's to be your destiny
Gotta feel it, you gonna be lo-o-o-o-o-o-onely
You gonna be lo-o-o-o-o-o-onely

If you stay free, stay free, stay free

That's what you told me
That's all in life you ever want to be
If you stay free
Standing in my face
You said to me no one would ever fill the space
Stay free
Stay free

Ha, ha, ha, ha
Independent
Ha, ha, ha, ha

Independent
Ha, ha, ha, ha
Independent
Ha, ha, ha, ha

You like to stay free
That's what you told me
You like to stay free (free, free)
Don't want
Don't want nobody
You like to stay free
