On any street
Any street corner
On any street
Any street corner

They try to pick me up
And take me for a ride
I tell em no
The girl's satisfied

They say I've got the stuff
That really turns you on
I tell em no
This little girl is grown

They say fifi
And I say no, no, not me
I'm not the kind of girl
You are gonna see

On any street
Any street corner
On any street
Any street corner

They say I've got a dime
I've got a nickel bag
Oh, it's the best stuff
You've ever had

I've got your pleasure
Right here in my hand
It'll make you feel
Just like a real big man

But when I stop
To think about the cost
I know that I just
Might get lost

On any street, oh, baby
Any street corner

On any street
Oh, yeah, sugar
Any street corner

Any street
Anywhere, anywhere
Any street corner
On any street
On the avenue
Any street corner
On the avenue
Waiting for you

You want it, you got it
Any street corner
Yeah, yeah
On any street
Any street corner

On any street
Street, any street, street
Any street corner
Oh, the chances we take

On any street
Street, any street, street
Any street corner
Ooh, what you gonna do
What you gonna do

On any street
Street, any street, street
Any street corner
Oh, the chances we take

On any street
Street, any street, street
Any street corner...
