Yeah... what's up shorty let me introduce myself properly
Nathan John Zen girl my peeps call me Mickey
You captured my attention across the room
I hope you don't feel like I'm a stalker
I had lotta alcohol consumed
By the way what's your name you got a number
Oh you gotta man well we can do this undercover
He ain't your husband girl you ain't his wife
I have lotta things to ask But tonight ain't the night right
We need to kick it soon maybe tomorrow
We can cruise around the metro
Or is that too fast for you
A'ight he's here now later on hope we could converse
If not call your celli tomorrow expect my ring around eight

Baby I got something that I want to share
Whenever I'm close get a feelin' that's rare
But you got a man who's always there
But whenever you need someone
I'm the one who's always there
Hey it's me I'm the one you need
Call your man tell him he needs to stay home
You be rollin' solo but he doesn't know at all with me
Cruisin' town in my SUV
Shorty you're fine Tonight you're mine

Chorus:
Tonight you're mine
Just for tonight
Just for tonight you're mine (4x)

Hey ma' does your man take you to places like this
Complete VIP treatment that you can't resist
Naaaah he can't give you things like this
I'm the man who'll always understand

I wanna get down with you
I wanna share everything if it's cool with you

Â'Coz IÂ'll be giving every moment just to be with you
IÂ'll let you decide itÂ's all up to you
Â'Coz I wanna get down with you

I wanna share everything if itÂ's cool with you
Â'Coz IÂ'll be giving every moment just to be with you
IÂ'll let you decide itÂ's all up to you

Tonight youÂ're mine
Just for tonight
Just for tonight youÂ're mine (4x)

I see the movement of your lips
But I donÂ't hear sh!t
The way you come to me shows that you got no respect
You couldÂ've been my homie but now youÂ're just my reject
Remember the first time that we met
IÂ've seen that you were quick to make a move
TryinÂ' to be smooth sayinÂ' I should be with you
DonÂ't play me for a fool Â'coz I know your playinÂ'
I got a one-woman man at home thatÂ's waitinÂ'

Hold up maÂ' I just wanna get you closer
I heard your man got cheddar
But I can treat you better
I can see your glimpses and your glances
You said with me you wanna take chances
So kill that bullsh!t line
You call me all the time
YouÂ're like Erica Badu you go
On and on bout how heÂ's treatinÂ' you wrong
The cipher keeps rollinÂ' like a rollinÂ' stone
So lets seize the moment Â'coz you feels right you not us
Oh for b!tches stop it keep complicated
ItÂ's basic economics IÂ'm supplying your demand
Will you try to build the fact?
I ainÂ't tryinÂ' to be your man

I wanna know ya baby let me show ya
Boy it feels so right
WonÂ't you take me home tonight?
I wanna know ya baby let me show ya
Boy it feels so right
WonÂ't you take me home tonight?

Tonight youÂ're mine
Just for tonight
Just for tonight youÂ're mine (4x)
