Step in line, with the other ones still outside
No sit and tell, cause the way it works it works like hell
to me
And I believe that it's a good thing - that I got it in my
head
Oh I gotta be a good man!
Well I got it in my hands - but it's not enough for me!

Keep these fires burning - burning in my head
Keep these four wheels turning - turning till (the end)...

It's not enough - to make promises
So tell the truth - that's just where it started now
It all comes down - so be prepared to fall
Modify your settings - over and over and over and
over!

(it's not enough) - it's not enough to make these
promises
(so tell the truth) - it's even easier to break 'm
(it all comes down - to) get exactly what you need
Modify your settings - over and over and over and
over!

Keep these four wheels turning - turning in my head
Keep these fires burning - burning till (the end)...
