Pre-Verse: Snoop Dogg

It's like everywhere I lizzook

And everywhere I go

I'm hearin' somebody tryin' to steal my flow

But it ain't no thang, cause see my homie Coolio

Put me up on the game when I step through the door

[Verse 1: Snoop Dogg]

You know

Some of these fools are so deceptive

Using my styles like a contraceptive

I hope you get burnt

Seems you haven't learnt

It's the knick-knack, patty-wack, I still got the biggest sack

So put your gun away, run away, cause I'm back (Why?)

Hit 'em up

Get 'em up

Spit 'em up (Now)

Tell me

What's goin' on

It make me wanna holler, cause my dollars come in ozones

Known for break off, shake off, now, take off your Clothes

And quit tryin' to spit at my {hoes}

Speaking of {hoes}

I'll get to the point

You think you got the bomb cause I rolled you a {joint}

You'se a flea

And I'm the Big Dogg

I'll scratch you off my {balls} with my paws

Alls

Y'all, bustas, better recognize

And see where I'm comin' from, it's still eastside

Til I die, why, ask, why

As the world keeps spinning to the D-O-Double G, Y

Chorus: The Dramatics & Nancy Fletcher

It's a crazy mixed up world

It's a Doggy Dogg World

It's a Doggy Dogg World (It's a Doggy Dogg World)

[The Dramatics] The Dogg's World

[Kurupt] Hey

[Verse 2: Kurupt]

Well, if you show me ten freaks, I'll run up in all ten
Seen the homie Snoop Doggy, sippin' juice and gin
Don't slip

I'm for the set trip, to get papers

Styles vary

Packin' flavor like Lifesavors

Ain't that somethin'

They keep talkin' and I'm dumpin' (BLAW!)

I had the fool whole block bumpin'

Don't sweat, but check the technique, I'm unique like
China

You never find the bomb-a-rama then this Dogg behind
ya

So peek-a-boo

Clear the way

I'm comin' through

One, two, three

You can't see me

I'm a G like that, strapped with hit, hard tactics

A menace

And I'm using 'em like tennis rackets

It's

On again

It's on and poppin'

All I see is green, so there ain't no stoppin'

I wanna see some panties droppin'

I'm comin' from L.A.

She used to chill with Dre up in Compton

[The Dramatics]

My, my, my, my, my, my, my, my, my (It's a Doggy
Dogg World)

It's your world

It's your world

Hook:

[Daz Dillinger] Tha Dogg Pound rocks the party

[Tha Dogg Pound] All night long

[Daz Dillinger] Til when

[Tha Dogg Pound] Til the early morn'

[Daz Dillinger] It don't stop (And, uh)

It don't quit (For the)

Tha Dogg Pound clique

[Tha Dogg Pound] To drop the cavvy dough

[Verse 3: Daz Dillinger]

Diggity Daz back up in ya out of the cut once more
So grab a seat, and grab your gin and juice, and check
out the flow
I flip flop and serve those who ain't up on it
Til I die, I'm still screamin' out (I never loved that trick)
Now I'm the mack daddy, had he, not known about
The city where I'm from
Dum diddy dum
As you groove to the gangster hits
Tha D-O-Double G, the P-O-U-N-D
The gangsta clique
Now as the Pound break it down with the gangsta funk
I can see and I can tell, that's all you want
So I blaze up the {chronic}
So we can get high
I promise we smoke {chronic} til the day that we die
