See all the people walking
See all the people demanding me to
See all the people dogging
See all the people grabbing at me
I can't take it, I can't take it
Leave me a light on the porch
I carry a torch, I burn for you
See all the people haunting me
See all the people taunting me
See all the people watching
See all the people curseing at me
Oh what you do to me
I can't get through to you
Oh what you do to me
I can't get through to you
See all the people wanting
See all the people talking down to me
See all the people pounding
See all the people drowning me
