Catching up with Johnny Quicksand
It's getting harder, the harder I try
These fucking shoes take me nowhere

Tearing me down till my heads on the ground
Hey! them duties weigh a ton
But I keep crawling on!

Swallow the soil - you're a big boy - try a little harder
Swallow the soil - you're a big boy - try a little harder

Spread your arms like a giant twister

You can touch him but he's always too far ahead
Hey I'm not so bad!

I wanna know why my body is so slow
Hey! I'll catch him in the end
Cause he used to be my friend

Swallow the soil - you're a big boy - try a little harder
Swallow the soil - you're a big boy - try a little harder
