What do we have
Left in which we can hope to depend?
Our supply's at an end
And all the anchors that maintain us are dead

And in this dire time line
Will we all trip off the edge?
Or like the globe we sit on
Can we wander to no end?

Oh, latter days
Latter days, latter days, latter days
No, ancient graves
Can help to replace

I can see why
We have suffered for time out of mind
This dramatic descend
Is turning fast into a passionate wreck

And in this dire time line
Will we all trip off the edge?
Or like the globe we sit on
Can we wander to no end?

Oh, latter days
Latter days, latter days, latter days
No, ancient graves
Can help to replace
Latter days

Resetting, resetting...

Oh, latter days
Latter days, latter days, latter days
No, ancient graves
Can help to replace
Latter days

Oh, latter days
Latter days, latter days, latter days

No, ancient graves
Can help to replace
Latter days
