Believe in me and in what I say. They can tell us apart.  
Integrity is inside of me. Please expose my heart.  
Take the time to make your mind. Will you be strong?  
Take the time to make your mind. Do you belong?  
In this final fight, to the death.  
This caused pain and suffering. but you will not fall.  
This caused pain and suffering. A small price to pay.

The battles won, but we're not done. The war has just

You my friend, fight till the end. No more suffering.  
Take the time to make your mind. Will you be strong?  
Take the time to make your mind. Do you belong?  
In this final fight, to the death...
