Oh man, How I ger get outta dis?

Verse 2.

All day long you just lie up in bed.
The house it pack up with the Mills and Boones you

You never clean and you does never cook.
You don't even care about the way you look.

I gotta get outta here, get outta here,
There's something better out there.better out there.

One day I come home, there's no sign of you,
I check the closets, all your clothes gone too.
Your passport gone,there's just this note on the bed.

"I could no longer live here with you.
I have gone somewhere so I can start anew.
My life with you,it was one big bore.
