You're my soul song  
My everything that I do song  
My pick-me-up-when-I'm-blue song  
That's why I sing all the time  
You're my soul song  
And that's why I call you my solid gold song  
Nothing in the world can ever go wrong  
As long as you are mine  
Nowhere in the world have I seen anything like you  
In all my time  
You give me a feel good feelin' through and through  
And it's so fine  
I'm up with the sun 'cause I don't wanna waste it  
I love you so much I can almost taste it  
I can't stand still when I look up and see you comin'  
I start hummin'  
mm-hmm  
You're my soul song  
My keep-me-safe-from-my-home song  
My shelter-from-the-storm song  
That's why I sing all the time  
You're my soul song  
And that's why I call you my solid gold song  
Nothing in the world could ever go wrong  
As long as you are mine  
You're my soul song  
Myeverything-that-I-do song  
My pick-me-up-when-i'm-blue song  
That's why I sing all the time  
Soul song  
And that's why I call you my solid gold song  
Nothing in the world could ever go wrong  
as long as you are mine
