A simple touch of your hand,
And everything is right.
The gentle way you look at me,
When we kiss goodnight.
You've given me the freedom no other love has known
And now I thank you girl , thank you girl
The countless ways you've touched my heart
Is more than I can say
The beauty that you've shown to me
takes my breath away
A picture perfect painting , that's what our love is
And yes I need you so, and now I know
Chorus:
ooooh
I've found a masterpiece in you
a work of art it's true
And I treasure you my love
ooooh
I've found a masterpiece in you
a work of art it's true
And I treasure you

Sometimes I wonder what I'd be

Had I not found you

A least and lonely soul this world

could show me nothing new

But now my life's a canvas

painted with your love

And it will always be

And now I see

The two of us together

Through time will never pass

This fairy tale we shared

is real inside our hearts

let it be forever

never let it end

this promise I do make

Heaven is ours to take

Repeat chorus

When I'm lost and insecure

you build me up and make me sure

that everything will be alright

My love

Repeat chorus

(This fairy tale we're sharing

is real inside our hearts

Let it be forever

never let it end
