Iâ'm looking up at the lights singing go for it  
You know, you know, you know, you know, you know  
You get on a train every night but youâ're never going  
home  
Iâ'm feeling great working late by the radiator  
You know, you know, you know, you know, you know  
Aw you talk it out, crack a smile, but youâ've never  
looked so cold quit  
Acting tough, show some love, let it take over  
You know, you know, you know, you know, you know  
Yeah there is a voice singing out like a fool when  
youâ're alone  
And Iâ'll leave it all all behind (and they say donâ't  
hide) Iâ'm listening  
Inside  
(And they sound alright)  
To where the world is young and the rockets in our  
eyes are kissing the  
Ground goodbye  
HEY HEY  
Oh come on love, aw come on lets get away  
You know it donâ't seem so far away  
(HEY HEY)  
Cigarettes and open roads and youâ're looking great  
ohh A street crowds are  
Calling out your name  
(Itâ's good to see you havenâ't changed)  
HEY HEY  
Give it up for victory rose until itâ's back to the great  
estate  
And Iâ'll leave it all behind  
(And they say donâ't hide)  
Iâ'm listening inside  
(And they sound alright)  
To where the broken hide  
Reminiscing âbout old times when the drunk and  
freewheeling rockets in our  
Eyes said Iâ'm kissing the ground goodbye  
HEY HEY HEY HEY  
River rocks are talking on for ya  
âbout the way the summer rays adore ya heavy

sounds are looking down here  
Out of tune and heaven to our ears

Summer sons and debutantes call it beggars bread,  
but come on lets be  
Honest that whole lot is getting off scott free  
Bitter sounds that walk around within me  
River rocks are talking on for ya  
Â'bout the way the summer rays adore ya heavy  
sounds are looking down here  
Out of tune and heaven to our ears summer sons and  
debutantes call it  
Beggars bread, but come on lets be honest that whole  
lot will sit and watch  
As you fall  
And I canÂ't wait for better days, young and brave and  
marching out into the  
Fray  
ItÂ's not too late, I see them waving us along  
And I canÂ't wait for better days, young and brave and  
marching out into the  
Fray  
ItÂ's not too late, I see them waving us along and I say  
River rocks are talking on for ya  
Â'bout the way the summer rays adore ya heavy  
sounds are looking down here  
Out of tune and heaven to our ears summer sons and  
debutantes call it  
Beggars bread, but come on lets be honest that whole  
lot will sit and watch  
As you fall  
Come on rise to the call ooh-ooh HEY HEY
