You can't run away forever  
But there's nothing wrong with getting a good head  
start  
You want to shut out the night, you want to shut down  
the sun  
You want to shut away the pieces of a broken heart

Think of how we'd lay down together  
We'd be listening to the radio so loud and so strong  
Every golden nugget coming like a gift of the gods  
Someone must have blessed us when he gave us those  
songs

**Chorus 1:**

I treasure your love, I never want to lose it  
You've been through the fires of hell  
And I know you've got the ashes to prove it  
I treasure your love, I want to show you how to use it  
You've been through a lot of pain in the dirt  
And I know you've got the scars to prove it

Remember everything that I told you, and I'm telling  
you again that it's true  
When you're alone and afraid, and you're completely  
amazed  
To find there's nothing anybody can do  
Keep on believing, and you'll discover baby

**Chorus 2:**

There's always something magic, there's always  
something new  
And when you really really need it the most  
That's when rock and roll dreams come through  
The beat is yours forever, the beat is always new  
And when you really really need it the most  
That's when rock and roll dreams come through for you

(Solo)

(chorus 1)

Remember everything that I told you, and I'm telling  
you again that it's true  
You're never alone cause you can put on the phones  
And let the drummer tell your heart what to do  
Keep on believing, and you'll discover baby

(chorus 2)
